Grades : General and fire retardant [FR]
Types : Standard, post forming, compact, cabinet liners, backer
Size : 2440 mm x 1220 mm [8x4]

Care & Maintenance : Cleaning should be carried out with a soft moist cloth and warm soap solution
 Do not use detergents containing abrasive particle or excess soda.

High-light:

- Design from genuine imported base paper.
- Manufactured using best quality kraft paper.
- Use of best chemical raw materials for better flexibility & durability.

Disclaimer : Customers are advised to reconfirm selected laminate when placing orders as our liability does not include claims arising from sample chip pasting error. Samples presented are indicative of color, pattern and surface finish but not of actual thicknesses. All metallic patterns series recommended for vertical application only. Limited Warranty: Company warrants that its products are reasonably free from manufacturing defects. The products when properly used, will comply, with normal deviation. related manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only. Our products are used for various applications without the possibility of control over the manufacturing of the finished products. The Company does not assume obligations or liabilities arising from the furnishing, sale, installation or repair, use or subsequent sale of any product, to any person or entity.

Do not use nail and hammer while cutting such Corner, Grew, Angle, and Designs.
 Use only drill while cutting such Corner, Grew, Angle and Designs

NO CLAIM WILL BE ENTERTAINED FOR CRACKING ARISING OUR OF ROOVE CURRYING OR L. SHAPE

NO CLAIM WILL BE ENTERTAINED FOR AIR BUBBLES

Do not use active acidic chemicals or sharp / wired brushes for cleaning the HPL Laminates surfaces

Avoid Direct sunlight / continuous light form the HPL Sheet These may cause to color fading due to UV Rays

Extra care required in vertical pasting of Laminated sheet there is possibility of bubbles dueto lack of uniform pressure

Cracking at corner & around cuts may be caused by improper conditioning, improper bonding, poor planning. avoid all these to prevent cracking at corners.
